

this being without damaging said particles or disturbing their distribution and thereafter  
imaging the mammal.--

42. The method of claim 41, in which the liver is imaged.

REMARKS

This application is a division of Serial No. 09/204,067 filed December 3, 1998,  
currently pending in Art Unit 3763. Restriction was required in the parent case and  
apparatus claims were elected. The claims of this application are directed to methods of  
administering and methods of imaging.

Please examine this application taking into account the Information Disclosure  
Statement filed herewith.

Respectfully submitted,

NIXON & VANDERHYE P.C.
